Professional Summary

AWS Certified Solution Architect & Senior Software Engineer with 8+ years of experience in .NET full-stack development, cloud-native systems, and microservices. Strong expertise in enterprise applications, cloud transformation, and Kafka streaming. Proven record of delivering scalable, secure and innovative solutions that reduce costs, improve efficiency, and enhance customer experience. Passionate about leveraging AI tools to accelerate delivery by 50–60%.

Core Competencies (Skills Matrix)

Cloud & Architecture | AWS (ECS, EC2, S3, Lambda), Cloud Migration, Event-Streaming Architecture (Kafka), Microservices
Software Engineering | C#, .NET Core, Web API, Entity Framework, React, Angular, Next.js
DevOps & Delivery | GitHub Actions, TeamCity, Octopus, CI/CD, DevSecOps
Quality & Testing | NUnit, XUnit, TDD, BDD, Playwright
Collaboration & Leadership | Architecture Discussions, Agile Delivery, Problem-Solving

Experience

Senior Software Engineer — Commonwealth Bank of Australia (Jun 2022 – Oct 2025)

- Designed end-to-end cloud architecture for migrating high-throughput event-streaming workloads from on-prem to AWS.
- Led Java → .NET migration for 5 Kafka consumer streams with zero downtime and improved resiliency.
- Developed an end-to-end customer application status tracking from design through deployment, leveraging .NET Core APIs, Next.js front-end, AWS cloud and LIXI standards, enabling real-time visibility into application progress and reducing customer care calls by 100%.
- Served as SME for event-streaming modernization across squads; influenced architecture decisions and solution direction.
- Reduced delivery cycle time by 60% through AI-assisted development and CI/CD modernization.

Consultant — Capgemini (Sep 2021 – Jun 2022)

- Modernized enterprise systems by migrating VB.NET applications to .NET Core.
- Led requirements, deployment pipelines, and technical alignment with global clients.

Lead Application Developer — Concentrix (Jan 2020 – Sep 2021)

- Directed large-scale software deployments and optimized workflows, ensuring smooth enterprise-wide rollouts.
- Designed and delivered onboarding interfaces that enhanced new joiner experience and streamlined HR processes.
- Collaborated with cross-functional teams to evaluate digital solutions, driving business continuity and efficiency.

Education & Certifications

- **AWS Solutions Architect – Associate**
- Master of Engineering (Information Technology), Parul University (2014)
- Bachelor of Engineering (Information Technology), SVMIT Gujarat (2011)

Achievements

- Concentrix Project Excellence Award (Twice)

- Capgemini Star of the Month
- IEEE ICCIC Best Paper Award
